RoHS

Material and hardness specifications table with columns for material, surface treatment, hardness, P dimension, and P-L-B dimensions.

Notes regarding SUS440C identification and center hole requirements.

P寸固定タイプ

Table for P dimension fixed type, showing pin shapes (TB) and dimensions for various sizes (6, 8, 10, 13, 16).

P寸指定タイプ

Table for P dimension specified type, showing pin shapes (TA, TD) and dimensions for various sizes and lengths.

P寸・L寸・B寸指定タイプ

Table for P, L, and B dimension specified type, showing pin shapes (TA, TD) and dimensions for various sizes and lengths.

Notes regarding dimensions D and L for different pin types and shapes.

Order reference form showing pin type (JPQSTA6), P (4.00), L (L10), and B (B5.5).

Delivery information form showing stock status (在庫品), lead time (翌日出荷), and price (P89).

Information regarding P dimension, P-L-B dimension, and delivery methods.

Notes regarding pricing for bulk orders and material specifications.

Price information table including quantity discounts and value-added tax (VAT) rates.

P寸固定タイプ

Table for P dimension fixed type, showing prices for ball-shaped pins in various sizes (6, 8, 10, 13, 16).

P寸指定タイプ

Large table for P dimension specified type, showing prices for ball-shaped and diamond-shaped pins in various sizes.

P寸・L寸・B寸指定タイプ

Table for P, L, and B dimension specified type, showing prices for ball-shaped and diamond-shaped pins.

Alteration order form showing pin type (FPQSTA6), dimensions (P4.00, L10, B5.5), and surface treatment (RC).

Alterations table detailing specifications for RC and LAC treatments, including lens hole dimensions and pricing.
